Current terms of engagement are:

The current hourly fee rate is £250.00 plus VAT for all time spent on the case. In addition, administrative support will be charged separately at the hourly rate of £25.00 for all time spent on the case. Itemised billing and copies of receipts will be provided if requested. Reports normally take between 6-12 hours depending on the volume of medical records.

Payment must be made 30 days from date of invoice, unless a prior written agreement. Should accounts not be settled within the agreed period, at my discretion, I have the right to charge interest on unpaid accounts at the rate of 2% a month, or part of a month, until full settlement is received.

Draft report produced within 2-6 weeks (dependent on complexity). Report for court completed two weeks following return of draft.

When sending correspondence such as medical records, for the attention of Dr Vanderpump, please send only on paper rather than disc files. Also please check where I would like this sent as I work in various different locations. Medical examinations are usually performed at the Physicians' Clinic 13-14 Devonshire Street, W1G 7AE on a Monday afternoon.

My fees for court attendances are £250 plus VAT per hour assuming 8 hours in court per day and 2 hours briefing. There are additional charges for travel of up to 4 hours per day and accommodation costs if necessary. Cancellation fees are 10% of the total fee if cancelled between 2 and 4 weeks before the date, 50% if cancelled between 1 and 2 weeks and 100% if less than one week.

I am not prepared to have my accounts subjected to assessment and look to you, my Client, to fund my assessment deducted relating to the Case, at any time.

I will use my experience, care and skill in fulfilling your instructions to the best of my ability. Please remember that I am an independent witness.

Please let me have your full instructions, together with any further relevant information you may have, and confirm your agreement in writing to the above terms. Please keep me closely informed on the progress of the case. I can probably help in the period before trial, if indeed the matter proceeds to that stage.
